LIVEWELL @ NOVOTEL

Each menu item has been analysed to ensure it adheres to the 4 key elements listed below:

1. RIGHT-SIZE PORTIONS

By providing nutrient dense and energy controlled portions, you can enjoy your meal from our healthy choice in-room menu and finish feeling energised.

2. HEALTHY OILS

Healthy oils are unsaturated fats that can help lower the risk of heart disease. Our healthy choice in-room menu has substituted saturated fats with healthy oils that can help lower cholesterol and improve blood pressure.

3. VEGGIE ENERGY

Vegetables are full of vitamins, minerals, fibre, antioxidants and are low in kilojoules. That's why we have included more of these superfoods on the healthy choice in-room menu prepared deliciously to help you reach your recommended five serves a day.

4. VARIETY FOR LIFE

All foods contain a variety of nutrients that are unique. So the more different types of food consumed, the more nutrients your body absorbs. The healthy choice in-room menu offers combinations for optimal nutrition.

HEALTHY OPTIONS

In line with Novotel's philosophy of healthy alternatives, we are proud to present our healthy food options, which all meet the New Zealand Heart Foundation criteria, designed as a healthy yet equally tasty alternative.

If you have any special dietary requirements or allergies, please let us know as we are happy to help.

INTRODUCING

WINE OF THE MONTH

CHÂTEAU SAINTE BÉATRICE

At Château Sainte-Béatrice, with its vines averaging 30 years old, some of which are 60 years old, the vineyard hosts a variety of noble grape including Grenache, Syrah, Cabernet Sauvignon, Merlot and Cinsault for reds and rosés. Favoured by a southern exposure and hillsides, the motto of the vineyard "Quality and Tradition" takes its full meaning.

This wine comes from the parcels of Domaine Marcel Deiss located on the end of Riquewihl (places called Engelsreben and Rosenbourg) conducted biodynamically. The siliceous superficial framework of these soils resting on deep marls, gives a wine extremely salivating, precise, robust, thick, aristocratic and cold in primitive youth, but fleshy. Complete and very long aging. This is the complex message of a vibrant fruit from a deep cold earth

Chateau Beatrice Cuvée des Princes Rosé 60

Fine bright pale salmon pink colour. Scent of candied fruit, dry figs followed by white flowers. Round and pleasant in the palate without aggression. Bright and crisp with acidity. Fresh and fruity. Easy to drink at all occasions. Ideally pairing with pork, shellfish, vegetarian and poultry.

Marcel Deiss Riquewihl Pinot Gris 2018 160

Golden, ample dress, with thick disk and tears. Reserved nose of cherries in alcohol and graphite, opening on the fresh fruit. Mouth of a big freshness in the attack, producing an intense salivation, a powerful, muscular and athletic body, then a finale long, tight and complex.

OUR CAUCUS Selection

SPARKLING

"The art of blending sparkling wine is one that can only be mastered by perfecting the craft, patience to allow the wine to mature at its own pace and the experience to know when it is at its best."

CHAMPAGNE

"From the outset, quality was the key watchword for the partners in this new entity formed in 1827, and it has remained so for all of their successors. This approach would be encapsulated in the motto penned by Georges Hermann Mumm: 'Only the best'".

MUMM 'GRAND CORDON' FRANCE	200

RIESLING

Riesling is a white grape variety which originated in the Rhine region. Riesling is an aromatic grape variety displaying flowery, almost perfumed, aromas as well as high acidity. It is used to make dry, semi-sweet, sweet, and sparkling white wines. Riesling wines are usually varietally pure and are seldom oaked.

PINOT GRIS – PINOT GRIGIO

"Pinot Gris and Pinot Grigio are in fact the exact same grape variety. It is a white grape, with a grayish / pink skin. Gris is 'gray' in French which stylistically more full-bodied, richer, spicier, and gently textured. Whereas Grigio is typically lighter-bodied, crisp, fresh, with vibrant stone fruit and floral aromas."

SAUVIGNON BLANC

"The name Sauvignon Blanc means "Wild White" and the grape is related to Savignin with origins in the South of France. Sauvignon Blanc is one of the most widely planted wine grapes in the world and because of this it has a wide range of styles and flavors, varying in style from deeply herbaceous to sweet tropical fruited wines."

ROSE

A rosé is a type of wine that incorporates some of the color from the grape skins, but not enough to qualify it as a red wine. It may be the oldest known type of wine, as it is the most straightforward to make with the skin contact method. The pink color can range from a pale "onion-skin" orange to a vivid near-purple, depending on the grape varieties used and winemaking techniques. Usually, the wine is labelled rosé in French, Portuguese, and English-speaking countries, rosado in Spanish, or rosato in Italian.

CHARDONNAY

"The most famous wine variety of all! So powerful is the C-word on a wine label that, like Cabernet Sauvignon, Chardonnay has virtually no synonyms. 'Chardonnay' became a name more familiar to the world's wine buyers than any of the geographically-named wines this vine variety had for centuries produced, such as Chablis, Corton-Charlemagne, or Montrachet. When the emerging New World wine industries introduced varietal labelling - calling wines by the name of their principal grape variety - it was Chardonnay that made the most friends."

PINOT NOIR

"Pinot Noir is the most highly prized wine in the world. It's not as rich or big as its noble cousins; in fact it's quite the opposite. Pinot Noir wines are pale in color, translucent and their flavors are very subtle. Typical seductive characters include earth, faint floral smells of roses, violet and fruit that leans towards raw, freshly picked cherries'. Its perfume, outright silkiness on the palate with a peacock's tail finish is what all the aficionados are searching for, for this character can be elusive. It's like finding the 'Holy Grail' in a bottle of wine!"

CABERNET SAUVIGNON

The great distinction of Cabernet Sauvignon is it produces a very powerful and recognisable aroma of blackcurrants wherever it is grown and, if matured in newish oak, can smell of cedar, cigar boxes and, sometimes, tobacco. Cabernet Sauvignon is also deep purple in youth colour, while it is not especially alcoholic, it can be extremely long-lived. This is because Cabernet Sauvignon's small, thick-skinned grapes have a very high ratio of solids rich in colouring matter and tannins to juice.

SHIRAZ

Syrah, also known as shiraz, is a popular red wine. Though the spiritual homeland of this red grape is France, Syrah has been planted throughout the world to great success. It expresses itself differently depending on the climate, soil and regional style, though certain characteristics remain the same.
