Ada perselisihan lama tentang asal-usulnya hamburger: Jerman atau Amerika? Perdebatan yang tidak terselesaikan terutama pada kedua negara ini. Tetapi pada akhirnya yang penting bukanlah siapa yang menemukan hamburger tetapi bagaimana anda menyukainya. Selain burger klasik dengan daging sapi, ada banyak variasi burger lainnya dengan ayam atau ikan, bahkan ada versi vegetarian. Kulturasasi telah merubah, lupakan roti tradisional yang melampirkan daging sapi giling dan sayuran salad yang dilumuri saus. Ini adalah keadaan pikiran, yang penting kualitas tentunya. Inilah sebabnya kami mengambil sebagian besar bahan kami dari pemasok lokal dan daging yang kami gunakan datang secara eksklusif. Semua untuk membantu menjaga reputasi burger sebagai makanan favorit setiap generasi yang menyenangkan, lezat dan tidak rumit.

There is a longstanding dispute about the origins of the hamburger: Germany or America? The debate is heated and endless, especially in these two countries. But in the end, what counts is not who invented the hamburger but how you like it! Apart from the traditional beef burger, there are countless variations with chicken or fish. There are even vegetarian versions. The rules have changed, forget the traditional bun enclosing a patty of ground beef and salad vegetables covered in sauce. It's the state of mind that matters and the quality of Course. This is why we source most of our ingredients from local suppliers and the meat we use comes exclusively. All to help the burger maintain its reputation as the favorite meal of every generation: Fun, delicious and uncomplicated.
